Did you ever wonder how other people cope with the challenges of raising a child with Down syndrome? Do you feel that you have a good support group? If you had the chance to voice your opinion and bring ideas on how to best help support individuals with Down syndrome and their families, would you? This is your chance to help make a difference!

We are preparing to launch the Changing Lives Program from the National Down Syndrome Society, and the DSSMC invites and encourages **ALL** parents of children with Down syndrome to share their suggestions, concerns, ideas, and any questions with us. Your feedback will enable us to educate obstetricians as well as pediatricians in the Mobile and surrounding areas.

If you require special accommodations or have any questions, please call Dora at 442-1128.
